

Can You Help?

On September 24, 2010, a benefit event for Kathleen Grayson is being held at Nathaniel Green in Green Township. Kathleen, a breast cancer survivor, was diagnosed with breast cancer in September of 2004. After winning a strong courageous battle with Cancer, she was cancer free after chemotherapy treatments in 2005. Unfortunately, the Cancer has recently re-appeared, taking residence in her liver and spine. With ever rising health care costs and the dilution of health care plans across the country, it is our goal to provide as much help and assistance possible to help Kathleen and her family fight another strong battle against Cancer. Although this benefit is just a few weeks away, there is much to be done and many things we need. Listed below are various ways that you could help if you or someone you know may be able to assist us in this battle.

We Need:

- **Raffle Prizes (\$10 & Up)**
Items under \$10 can be combined or could be used for door prizes
- **Major Award Prizes (Value over \$100)**
- **Silent Auction Items**
- **Gift Certificates**
- **Instant Lottery Tickets**
- **Drink/Snack Items**
- **Cash Donations**
- **T-Shirt Sponsorship** (\$200 corporate sponsorship, please include art work).
